In the Claims:

This listing of claims will replace all versions and listings of claims in the application.
Please amend the claims as follows:

1 (currently amended) A sex pheromone sustained release dispenser comprising two or more sex pheromone substances, each substance being an aliphatic derivative having 10 to 20 carbons, and a first and a second-chambers polymer chamber, wherein some or all of the sex pheromone substance having a smallest carbon number excluding a carbon number in a functional group is contained in the first polymer chamber and ~~the remainder~~ any of the sex pheromone substance remaining is contained in the second polymer chamber and wherein the first and second polymer chambers are made of the same material.

2. (original) The sex pheromone sustained release dispenser according to Claim 1 wherein said aliphatic derivative is selected from the group consisting of aliphatic linear alcohol having 10 to 18 carbons, aliphatic linear acetate having 12 to 20 carbons and aliphatic linear ketone having 10 to 20 carbons.

3. (currently amended) The sex pheromone sustained release dispenser according to Claim 1 wherein said sex pheromone sustained release dispenser is ~~toward~~ for controlling two or more species of insect pests.

4. (currently amended) The sex pheromone sustained release dispenser according to Claim 2 wherein said sex pheromone sustained release dispenser is ~~toward~~ for controlling two or more species of insect pests.

5-8. (canceled)

9. (currently amended) A container for a sex pheromone sustained release dispenser comprising two or more sex pheromone substances, the container comprising a first polymer
